

Armstrong Brands

Picnic Coolers

Perfect for Every Outing

Armstrong's EPS Picnic Coolers combine strength, insulation performance, and sustainability for dependable cold-chain protection — whether you're heading to a campground, a tailgate, or the backyard. Our molded EPS foam provides exceptional thermal insulation, keeping food and beverages cold for hours while remaining lightweight and easy to carry.

Sustainability Commitment

For over 20 years, Armstrong Brands has led the way in EPS recycling and innovation.

Local drop-off and pickup programs for used coolers

30 - 50% recycled-content materials available

Biodegradable EPS bead technology introduced in 2023

Together, we're reimagining EPS for you and the planet.
